

Magic you can do at home!

HERE'S SOME MAGIC YOU CAN DO WITH A BANANA WHILE SNACKING AT HOME. FOLLOW THE INSTRUCTIONS WITH THE HELP OF AN ADULT TO MAKE YOUR VERY OWN OCTOPUS BANANA:

1. Cut the top quarter (where the stem is) of the banana off while still in the peel.
2. Cut 8 slits (about a half inch deep) into the top of the banana (where you cut the top off), so it looks like a pie.
3. Peel each slit down one by one about 3/4 of the way.
4. Now the best part! Take a bite and eat 3/4 of the banana.

DECORATE YOUR BANANA WITH EYES AND A MOUTH AND DON'T FORGET TO GIVE IT A NAME!
